

Friends of Flimby School

Friends of Flimby School is a dedicated Parent Teacher Association that organises a variety of events throughout the year, including fayres and discos, to raise funds for the school. The money raised by FOFS helps pay for school trips, experience days, and essential resources, ensuring that every child has access to an inclusive and enriching education. Through their efforts, FOFS plays a vital role in creating memorable experiences and supporting learning opportunities for all students.
